INTRODUCTION

The Americans with Disabilities Act (ADA) was enacted on July 26, 1990, and later amended effective January 1, 2009. As written and implemented, the ADA provides comprehensive civil rights protections to persons with disabilities in the areas of employment, state and local government services, access to public accommodations, transportation, and telecommunication. The ADA is a companion civil rights legislation to the Civil Rights Act of 1964 and Section 504 of the Rehabilitation Act of 1973. To be protected by the ADA, one must have a disability or have a relationship or association with an individual with a disability. An individual with a disability is defined by the ADA as a person who has a physical or mental impairment that substantially limits one or more major life activities, a person who has a history or record of such impairment, or a person who is perceived by others as having such impairment. The ADA, however, does not specifically name all the impairments that are covered. The ADA is divided into five sections covering the following topics:

Title I: Employment

Title II: Public Services (and Transportation)

Title III: Public Accommodations (and Commercial Facilities)

Title IV: Telecommunications

Title V: Miscellaneous Provisions

Title II specifically prohibits state and local governments from discriminating against persons with disabilities or from excluding participation in or denying benefits of programs, services, or activities to persons with disabilities. It is under this title that this transition plan has been prepared. This transition plan is intended to outline the methods by which physical changes should be made to give effect to the non-discrimination policies described in Title II.

TRANSITION PLAN DEVELOPMENT

To ensure program accessibility for people with disability in the community, White County has developed a Transition Plan, which is to be considered good practice.

This Transition Plan for Public Facilities considers the following:

A. ADA COORDINATOR:

Effective communication is essential to address all the complaints or concerns of all individuals. To keep the lines of communication open, and thereby ensure effective communication between all parties, White County has appointed the following person as the ADA Coordinator:

Leah Hull
ADA Coordinator
PO Box 342/ 110 N Main St
Monticello, IN 47960
574-583-4585
lhull@whitecountyindiana.us

The ADA Coordinator shall coordinate the County's efforts to comply with and carry out its responsibilities under Title II of the ADA, including any investigation of any complaint communicated to the ADA coordinator. Such complaints may take the form of alleging noncompliance with ADA mandates or alleging any actions that would be prohibited under ADA. The County shall make available to all interested individuals the name, office address, and telephone number of the employee(s) so designated and shall adopt and publish procedures for the prompt and equitable resolution of complaints. Every complaint must be directed in writing to the ADA Coordinator.

B. GRIEVANCE PROCEDURE

The grievance procedure established below is intended to adhere to the standards outlined in the ADA. The procedure must be used by anyone who wishes to file a complaint alleging discrimination on the basis of disability in the provisions of services, activities, programs, or benefits provided by White County. The complaint should be in writing and contain information about the alleged discrimination such as name, address, phone number of the complainant and location, date, and description of the problem. An example grievance form can be found in Appendix A of this document. Alternative means of filing complaints, such as personal interviews or recordings of the complainant will be made available for persons with disabilities upon requests. The complaint should be submitted by the grievant and/or his/her designee as soon as possible but no later than 180 calendar days after the alleged violation to the ADA Coordinator at the address shown under 'A. ADA COORDINATOR' on page 3. Within 15 calendar days after receipt of the complaint, the ADA Coordinator or his/her designee will meet with the complainant to discuss the complaint and the possible resolutions. Within 15 calendar days of the meeting, the ADA Coordinator or his/her designee will respond in writing, and where appropriate, in a format accessible to the complainant, such as large print, Braille, or audio tape. The response will explain the position of White County and offer options for substantive resolution of the complaint. If the response by the ADA Coordinator or his/her designee does not satisfactorily resolve the issue, the complainant or his/her designee may appeal the decision within 15 calendar days after receipt of the response to the ADA Coordinator or his/her designee. Within 15 calendar days after receipt of the appeal, the ADA Coordinator or his/her designee will meet again with the complainant to discuss the appeal and possible resolutions. Within 15 calendar days after the meeting, the ADA Coordinator or his/her designee will respond in writing, and, where appropriate, in a format described above that is accessible to the complainant, with a final resolution of the complaint. All written complaints received by the ADA Coordinator or his/her designee, appeals to the ADA Coordinator or his/her designee, and responses from ADA office will be retained by White County for at least three years.

C. SELF-EVALUATION/COMMITMENT/SCHEDULE

HWC Engineering, acting as a representative of White County, has performed a cursory review of all White County properties and structures for ADA compliance. The results of this evaluation of all the White County properties and structures can be found in Appendix B. HWC Engineering, acting as representative of the White County has also performed a review of all sidewalks and curb ramps for ADA compliance. The results of this evaluation will be found in Appendix C.

The County is committed to making sidewalks, curb ramps, public areas and county-owned facilities accessible to all pedestrians including those with disabilities. This will be accomplished through the following programs:

- All new construction, reconstruction, road construction or alterations, including federal projects under the control and/or inspection of White County will be in compliance with all federal, state and local ADA requirements.
- Buildings and municipal-owned structures will be brought into compliance as funds are available. Specific complaints will be prioritized.

D. ADA STANDARDS/GUIDELINES

The standards are intended to apply to all construction undertaken within the County Right-of-Way. For sidewalks within the county right-of-way, the “Proposed Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way” (PROWAG) should be used. For buildings and facilities, the “ADA Accessibility Guidelines for Buildings and Facilities” (ADAAG) along with the ADA accessibility guidelines described in the White County Zoning Control Ordinance should be used.

PUBLIC INVOLVEMENT

On January 24, 2022 the County entered into contract with a consultant to provide a self-evaluation of the public rights-of-way and facilities and an updated ADA Transition Plan. At the June 6, 2022, County Commissioners meeting the consultant presented and discussed the draft ADA Transition Plan including self-evaluation. At that time, the draft document became public record and available for a two-week review and comment period. On July 5, 2022, the consultant presented the final ADA Transition Plan including the self-evaluation and the Commissioners approved it.

IMPLEMENTATION

The County Commissioners approved the ADA Transition Plan in public forum at the July 5, 2022 meeting. Implementation of the plan began on that date. Not only does the County commit to following the guidelines set forth in this Transition Plan but it also commits to actively revising and amending this document as new information is discovered. Further, as a matter of policy, this document will be updated at least every three years. Finally, a copy of this document has been placed on file at the White County Government Building, with the ADA Coordinator.

APPENDIX A: COMPLAINT / GRIEVANCE FORM

Grievant Information:

Grievant Name:			
Address:	City:	State:	Zip Code:
Phone:	Email:		
Alternative Phone:			

Person Preparing Complaint Relationship to Grievant (if different from Grievant):

Grievant Name:			
Address:	City:	State:	Zip Code:
Phone:	Email:		
Alternative Phone:			

Please specify any location(s) related to the complaint or grievance (if applicable):

Please provide a complete description of the specific complaint or grievance:

APPENDIX B: BUILDING AND STRUCTURE REVIEW

BUILDING EVALUATION

White County, through its hired consultant, completed a cursory building and structure review.

The following sections describe the County's various buildings and ADA facilities.

ADA Requirements (PROWAG & ADAAG)	
Item:	Requirement:
Parking Stall	96" Min. Width
Parking Aisle Width	96" Min. Width
Ramp	48" Min. Width
Ramp Handrails	34" – 38" Height
Ramp Slope	1:12 Max. Running Slope 1:48 Max. Cross Slope
Door Openings	32" Min. Width
Bathroom Stall Door Opening	32" Min. Width
Bathroom Stall Dimensions	56" DEEP x 60" WIDE
Grab Bars	33" - 36" Height
Urinals	17" Max. Height
Toilet Seat	17" – 19" Min. Height
Counter / Sink	34" Max. Height
Towel Dispenser / Dryer	48" Max. Height, 20" Max. Reach Depth
Soap Dispenser	48" Max. Height, 20" Max. Reach Depth
Fountain Spout Outlet	36" Max. Height

Summary of Facility

For this study, the roadside parking, curb ramps, access ramps, bathrooms and general door opening widths were measured and compared to the required PROWAG & ADAAG ADA standards. Listed below, and highlighted in the tables below, are the items mentioned that do not meet these ADA requirements.

ADA Non-Compliant Issues

- Curb Ramp widths are less than ADA requirements and no detectable warnings in the area of the Courthouse. No Compliance issues for White County due to Monticello maintaining sidewalks and parking.
- Unisex Basement Restroom's urinal and toilet seat are taller than requirements and inside passage width is less than requirements.
- Women's Basement Restroom ADA stall door width is smaller than requirements, toilet seat is taller than requirements and inside passage width is less than requirements.
- Men's First Floor Restroom door opening is less than requirements, ADA stall door width is less than requirements, stalls are smaller than requirements, urinal exceeds height requirements, toilet seat is lower than requirements, there are no grab bars in stall and inside passage is less than requirements.
- Women's First Floor Restroom stall door width is smaller than requirements, ADA stall door width is less than requirements, stalls are smaller than requirements, toilet seat is lower than requirements, grab bars in stall are angled and inside passage is less than requirements.
- Men's Third Floor Restroom door opening is less than requirements, ADA stall door width is less than requirements, stalls are smaller than requirements, urinal exceeds height requirements, toilet seat is lower than requirements, there are no grab bars in stall and inside passage is less than requirements.
- Women's Third Floor Restroom ADA stall door width is less than requirements, stalls are smaller than requirements, toilet seat is lower than requirements, there are no grab bars and inside passage is less than requirements.

APPENDIX C: SIDEWALK AND CURB RAMP REVIEW

White County, through its hired consultant, completed a sidewalk and curb ramp review. The sidewalk and curb ramp locations are sorted by alphabetical order. The following describes White County's evaluation.

Sidewalks will be evaluated as follows:

- No Sidewalk
- Compliant
- Non-compliant, spot repairs needed (NC-Spot) (i.e. obstructions/defects that can be spot repaired)
- Non-compliant, full segment needs replaced (NC-Full) (non-compliant cross slope, running slope, condition, width, etc.)

Curb ramps will be evaluated as follows:

- Compliant
- Non-compliant but navigable (NC-Nav) (i.e. missing detectable warnings, non-compliant slopes, etc., but can be used by a wheelchair)
- Non-compliant, non-navigable (NC-Non-Nav) (sidewalk present)
- No curb ramp (no sidewalk present)

SIDEWALK EVALUATION

STREET NAME	FROM	TO	LEFT SIDEWALK	RIGHT SIDEWALK
